

We Are Allermuir

We create contemporary furniture for offices, homes and public spaces.

We began in 1970 and from day one we have partnered with the world's best designers.

We exist to inspire. We look to fashion, art and architecture for our ideas. We have no set style, our ethos is to set trends, not follow them.

We are craftsmen. Our products are impeccably made, and deliver satisfaction at every level, from the way they look to the way they feel.

For The Everyday

We are inspired by the everyday and the blurred boundaries between personal and professional spaces.

This hybrid design approach means we focus on products for people, not environments.

Our products aren't stereotyped for one purpose, every product is multi-use. This means we create products with longevity and fluidity.

We use classic design sensibilities, form and function, meaning you can find our products in the kitchen or the boardroom — and that's the way we like it.
