CIRCO

# THE ONE AND ONLY

Circo is a functionally simple light work chair for ad hoc touch down environments. Featuring a permanently floating action and a mesh back that morphs to support the user. Circo is suitable for both conference and meeting environments.

Circo's designer Justus Kolberg worked closely with toolmakers and injection moulders to exploit the latest technical possibilities of a complex single piece frame. The result is a chair that's tremendously strong but that weighs just over 19 pounds.

With a choice of upholstered or leather finishes plus the option of an integrated tilt action Circo effortlessly adjusts to the way you work and the environment you work in. It's equally at home with casters or glides and its mesh back is available in a range of contemporary colors to suit your workplace.

DIMENSIONS

DESIGN

Justus Kolberg

Justus Kolberg has been running his own design studio in Hamburg since 1997 after completing his studies in industrial design at the Muthesius Academy of Fine Arts and Design in Kiel in 1990.

Justus has received numerous honors including the IF Hannover Product Design Award, the Red Dot Design Centrum NRW, the IDEA-Gold Industrial Design Excellence Award and the Japanese Good Design Award.

## CIRCO

### CONFERENCE TILT

- Featuring a simple pivot motion with a predetermined tension setting with 8° of recline.
- The mechanism is integrated into the chair frame that incorporates a single lever that can be used to adjust seat height.
- The chair is also available as standard with height adjustment and without the pivot motion.

### AT A GLANCE

1. 3D self-supporting mesh back
2. 6 mesh colors
3. One piece molded frame and backrest in Light Gray, Graphite or Black
4. Conference tilt action with height adjust
5. Optional auto return
6. Choice of glides or casters

**GOOD TO KNOW**  
The design and engineering deliver a one piece seat and back frame that is significantly lighter than most.

Please note: Features are model dependent, please refer to price list pages when specifying

**CIRCO MOTION**

CIRCO MULTI-PURPOSE

# THE ONE AND ONLY

Circo multi-purpose chairs are designed to provide a universal solution for meeting and conference uses. They share a common design language with the original Circo conference chair but the proportions have been scaled to make them more applicable in use.

Featuring a mesh back and a fully upholstered seat, these versions provide either a stacking cantilever frame or a four leg frame on casters.

Circo's designer Justus Kolberg worked closely with toolmakers and injection molders to refine the sections of the chair's frame so

that it maintained the Circo aesthetic while being a new construction methodology.

With a choice of upholstered or leather finishes plus three frame color options Circo multi-purpose chairs will blend into a multitude of environments seamlessly.
