

CIRCO

Circo is a functionally simple light work chair for ad hoc touch down environments. Featuring a permanently floating action and a mesh back that morphs to support the user. Circo is suitable for both conference and meeting environments.

Circo's designer Justus Kolberg worked closely with toolmakers and injection moulders to exploit the latest technical possibilities of a complex single piece frame.

DIMENSIONS

DESIGN

Justus Kolberg

Justus Kolberg has been running his own design studio in Hamburg since 1997 after completing his studies in industrial design at the Muthesius Academy of Fine Arts and Design in Kiel in 1990.

Justus has received numerous honors including the IF Hannover Product Design Award, the Red Dot Design Centrum NRW, the IDEA-Gold Industrial Design Excellence Award and the Japanese Good Design Award.

STANDARD FEATURES (*Selected models only)

SENATOR 3 R'S

Senator is committed to continually improving the sustainability of all environmental aspects within our business.

To meet both international standards and our own environmental targets we apply the three R's principle

-Reduce, Reuse and Recycle.

While recycling is the element which receives the most exposure it is actually the last option available and should never be the prime target in anyone's battle to reduce waste.

It is our duty as individuals and as a company to initially attempt to **Reduce** usage. Then we should look to **Reuse** wherever possible and finally, only after these two processes have been exhausted, should we consider **Recycling**.
