

XY tables are a smart, functional, height adjustable pull up table system. The personal laptop and side tables feature an easy push lift system for height adjustment between lounge and work height. The pill shaped work tables adjust between work and standing height and incorporate a discrete control lever under the top to adjust the height.

CERTIFICATION

Standard Features

- 25mm MFC top with matching edge tape
- Easy lift frame finished in black or white powder coat
- Single trigger lift frame finished in black or white powder coat
- Leveling glides
- Docking cradle for battery

- Rear screen finished in Black, White, Forest Green and Silk Grey
- XY04 & XY04-A only
- Rechargeable battery 200 w/hrs
- Battery charging station for 3no. batteries

Optional Features

- Lockable Castors

Performance Standards

- BS EN 15372:2016 Level 3
XY01 & XY02 (Only tested for stability)
XY03 & XY04 (Fully tested)

THE THREE R'S

Senator is committed to continually improving the sustainability of all environmental aspects within our business. To meet both international standards and our own environmental targets we apply the three R's principle – **Reduce, Reuse and Recycle**.

Whilst recycling is the element which receives the most exposure it is actually the last option available and should never be the prime target in anyone's battle to reduce waste.

It is our duty as individuals and as a company to initially attempt to **Reduce** usage. Then we should look to **Reuse** wherever possible and finally, only after these two processes have been exhausted, should we consider **Recycling**.

–Reduce
–Reuse
–Recycle
